VAN DE SCHOOL EN WERELD MAKEN

VAN DE WERELD...

...EEN SCHOOL MAKEN

Given what we have today, we could easily use the internet as an Invisible College, the communicative backbone of real intellectual and civic change, but to do this will require more than technology. It will require that we adopt norms of open sharing and participation, fit to a world where publishing has become the new literacy.

*Clay Shirky*

GEPERSONALISEERD LEREN

How do we create an engaging environment

How to we accommodate a need for a variety of projects, assignments

How to incorporate flexibility into learning schedules, locations

How to leverage diversity

How to harness talent

How to involve students in collaborative team-based projects

How to allow and support the pursuit of outside activities

How to create effective training and mentoring opportunities

How to harness knowledge created "just-in-time"

NIEUW CONTRACT?

Information and media literacy  
Complex communication  
Critical thinking and systems thinking  
Problem identification, formulation and solution  
Creativity and intellectual curiosity  
Interpersonal and collaborative skills  
Self-direction  
Accountability and adaptability  
Social responsibility
