Going wild!

Newly-weds Angela and Christian Hesketh were in for a surprise when they returned from their honeymoon ... their house had been painted in tiger stripes! It didn't take them long to work out who the painting joker was because their good friend and best man at the wedding, Kevin Butler, is a painter and decorator! The couple didn't know what to say when they first saw their striped house and didn't find it funny after their long journey back from the Caribbean. But now they have got used to the animal-print art and have decided to keep the stripes!
