#### Step 1

Go to [tiny.cc/wr-diva2](http://tiny.cc/wr-diva2) and watch the video. No questions on this video, just watch how the game is played.

#### Step 2

Make two drawings, or compile a drawing using pictures from the Internet, similar to the items used in *A Box of Lies*. Your drawings should be a compilation, an unusual combination of things, or just something funny. Don't show them to anyone in your class.

#### Step 3

Make groups of four. Collect your eight drawings or pictures, face down, and swap your papers (face down again) with another group.

#### Step 4

Play the game in the same way *A Box of Lies* is played. One of you takes a picture, and either describes what is in the picture, or makes something up. The other three in the group try to figure out whether this person is lying or telling the truth. Take turns.
