

My festival:

Name: American dance festival

What can you do? In the begin of the festival everybody does a warming-up together, then the festival starts official because then there are much of workshops: dance workshops with different dance styles, there is also a workshop where you can design your own dance clothes, if you want you can give your design to the judges and at the and of the lesson the 5 best designs will get a price!: the clothes will be made in real! The winner will get one and it will be to in a american clothes shop! There is also a dance competition! The winner will go with 5 friends to Los Angeles! When you are second you have a ticket to go with max. 11 friends to the National Ballet and Opera to do there in a break of a performing youre own dance with your friends! But first of that you have 3 times a workshop of someone who is famous for his dance choreografies, he is going to help you with preparing youre dance, and when you are third you have a Samsung Galaxy Edge 6.

What can you see? You will see much famous dancers and singers, they will perform in a show live music and dance on stage! And at the and with the pizza and the marshmallows there is a big fireworks!

Costumes? Yes, you're most nice dance clothes (Or something American 🇺🇸)

What can you eat? There is a big feast: there are: Donuts in all colours, smoothies of tropical food, cold drinks, candy, cakes, cookies and at the end we eat pizza! At least there will be a big fire where we will eat marshmallows.

Extra: If you want you can also invite guests to come with you. You don't need to be a really good dancer! It's for everyone! And of course there are much of American decorations.
