

Who put that glass ceiling

Thoughts

People get different pay for the same work just because they are older. In most cases older people have more financial responsibilities.

“If your salary is not
enough than your
work is not enough.”

- Socrates

The team

You work as a **publisher**. You are asked to publish an article on equal pay. To form your opinion you are part of a discussion group of four publishers. Together you discuss the pros and cons of equal pay. What will be the consequences for men/women? Internationally working employees? Young people? Elderly employees?

Procedure

In the debate group try to find the answers to your questions on the topic and form an opinion. On the basis of the discussion you had, write an essay individually on equal pay. Decide on what pay gap you want to write, examples are the gap between man and women, young and elderly, abled and disabled, black and white, native and foreign, etc.

Outcome/aim

Your essay will be graded.
